Pulse. Wednesday 12 th November.

Editor: B.E.Crawley(with assistance of
Pulse reps and sundry other types.).

It has long been my opinion that nurses spend so much time 'soul-searching', and decrying their inability to become more up-to-date, that they forget to publicise significant achievements at the time of their occurrence. Herewith, a few well-chosen congratulatory phrases(no great paeans of praise, because I do not think that the millenium is quite here!).

During the past summer, the faculty reorganised the constitution of the various committees in S of N., and three weeks ago Dr. Carpenter presented their suggestions to the council. At that time, some doubt was expressed by certain observers of the passing scene, as to the likelihood of getting enough students to fill all the places open for student participants. Even your editor was not exactly deliriously optimistic).

It is with great pleasure(accompanied by a flourish of trumpets, and several ruffles of drums!), that I humbly tender my apologies -- the response, from all students, produced a crash of applications to last weeks' council. Many volunteers of excellent calibre could not be placed on committees. Many thanks to all, my faith is restored to full bloom; I hereby resolve not to doubt again(for at least 2 weeks).

Passing Comment.

Frank Summers attended Students' Council last week and conveyed some news of the SHOUT project.

It would seem that Meds, Dents, Pharmacy, ROTTS et al., are really going to town on the scheme, there is a great need for more nursing assistance, (the ones who are there are doing a great job). Bill Fulton was bouncing ideas off of me the other day and came up with an interesting one, (if he has too many good ideas I'll have to get him impeached!). Since we need practice in community health service, and SHOUT needs community health nursing service, why not include such service as a part of the course requirement? (a half-credit option?). Such a system would be useful in enabling the P.B.'s to apply their experience, and might be of some help to the Basics (maybe the P.B.'s could provide some support for any of the basic students who were a little nervous).

Brickbats and bouquets.

Dear Pulse:

Well, it's time to throw a few roses around ...or maybe forget-me-nots would be more appropriate.

As if trying to sustain the feeble beat of the Pulse were not enough (not to mention the defence system required to minimise invasion of Pulse territory) B.Crawley refused to let the S.ofN.spirit die out entirely, and finished the float decorating virtually single-handed. Alas, such heroic efforts were rewarded with the not-so-gentle pouring down of raindrops on homecoming day. Oh well, Bernard, a wet hero is better than not being a hero at all. At least we had a float.

Abouquet also goes out to Gail Mitchell and Robin Scobie for the tremendous job they have done as co-chairmen of the Orientation committee. They have been real troupers in organizing and implementing the Orientation Committee program for first-year basic and post basic students, and an awful lot of that work has also been done behind the scenes. Congratulations on the successes of your efforts ladies. That was a job well done!

Student Council people also merit a good word for their efforts towards obtaining more student participation in policy making in the S.O.N. Let's just hope that we as students pull our weight in the regulating affairs that concern us now that the opportunities have been made available to us.

.....And that's all Mortimer.....

P.S. Editor's note: I had help! Joy Bazar (Bl1) worked till 7:30 a.m. and many others were all over the place! And how about the riders!

I would sincerely like to thank all those persons who helped with the Nursing Homecoming Float on Nov.1st. especially Bernard Crawley PB111, (the inventor, designer and builder). Three cheers for Bernard!! Thanks also goes out to the Basics11 who not only helped build the float but turned out as space nurses and old ladies on that cold & rainy Saturday.

'It is not whether you win or lose, it's how you play the game!'

Blue & White Rep.
Marie Clarke BlV

THE. BULLETIN BOARD.

Big and little sister week
is coming!

Nov 24-28th.

Find out who your little
sister is!

3rd and 4th yrs... you
have a little sister too!

COMMITTEE

HEADS!

If you put
any notices in
Mrs McKay's box
in the business
office, she will
see that they get
to the girls in
Public Health.

COMMUNICATE!

SNEEZLES IS HAPPENING SOON!

Tell your friends...sell them tickets.
A tremendous number of people are
working hard to make this show suc-
cess. Do your share... Good publicity
is a must!

When? Thurs, Nov 27th 1969.

Friday, Nov 28th ,,

Saturday 29th ,,

Time? 8-00 pm.

Where? Cody Hall.

P.S. If you'r interested in putting
up posters or selling tickets on
campus please contact:

Helen Dixon, Bll 928-8867.

or Robin Scobie, BIII 964-0177.

MAKES

Ed. Note: Oh where is the apathy of yesteryear???????
